

Cigarette Pack Template

- 1 Print actual size, not print to fit
- 2 Cut along all the solid lines.
- 3 Fold all of the dashed lines toward you.
- 4 Make the main box by sticking the bottom tabs [a] to the inside of the bottom of the box [b].
- 5 Now stick the sides [c] over the side flaps [d].
- 6 The lid: stick the flaps [e] to the underside of the top of the packet [f].
- 7 Stick the sides of the lid [g] over the flaps [h].
- 8 Finally, fold back the lip [i] under the front of the lid [j] and stick.
- 9 Commercial packets have a strengthening piece which is stuck inside the body of the packet as show below.
- 10 Decorate pack as you see fit.
